## Students Testimonials

**Been an international student in Toronto is like one of the most diverse, student friendly cities in the world.**

Meeting fellow students from different parts of the globe will enhance my educational experience and allow me to thrive in an increasingly multi-cultural world.

**The first two weeks for me were pretty hard. I felt lonely, I was away from home, from family, from friends, and there wasn't anyone that I really knew in the city.**

But, as the weeks went on and as school started, I started to get involved in more activities and I really found the things I wanted to do in the city.

iHomestay Canada It helped me made me feel welcome and communication with the family was excellent.

**I enjoyed my learning experience greatly: The biggest surprise for me was the flexibility of the Host Family .**

The friendships that I made here are indescribable. Meeting many people with the same goals and ambitions as me made this experience so much more enjoyable.

I can only say this experience is definitely one of the greatest experiences I will ever encounter in my life.

**iHomestay is fantastic! Studying abroad and live with a family has exposed me to various types of cultures and enabled me to become more independent.**

Family was very respectful and friendly, which really helped me to improve my English language skills
